In Re: Civil Action No. 1:01-0817, On or About June 6, 2002 petitioner filed
a request to amend complaint.

Dear Ms. D'Andrea:

The reason for this letter is that I'm writing your office regarding the request to amend complaint filed on or about June 6, 2002 as this request was turned over to institutional staff to mail to the court.

This amendment is about including Dr. Breen Medical Director at S.C.I.C., and Prison Health Service 890 Poplar Church Rd. Suite 207, Medical Arts Building Camp Hill Pa. 17011.

This is in regards to the denial of health care for two cyst behind left knee, spurs right shoulder, and lower back pain in which they are refusing to address these issues and show little concern about the pain petitioner has to endure for the lack of treatment for these serious condition. And staff also has projected a level of indifference and correctional officers has gotten in may face about I have filed a civil action against them and have taken the denial of may health care as part of their duty

as officer to inflict punishment and deprive me of my rights. This act has repeatedly been done when certain block officers work the block in the getting out of my cell to go to pill line and for other call outs that I have to have other inmates inform them as they do not adhere to the call button, and will not address my calls when I need to get out of my cell to go where I need to go.

For this reason I'm requesting the status of the amended complaint, and would you please inform me if your office has gotten such as of this date, as all parties have been informed as of this date and I'm concern where this issue is now standing.

Sincerely

A handwritten signature in dark ink, appearing to read "Kim Stultz", with a stylized flourish at the end.
